INDUSTRIAL

HDA32E

- Comfortable, powerful and robust, the Vision headlight provides all-around illumination for a variety of tasks
- High or low setting enables users to control brightness and runtime
- Pivoting head is perfect for hands-free illumination in restricted spaces

HDB32E

- The Vision HD headlight combines the latest technology with enhanced functionality
- Innovative smart-dimming feature provides users with maximum run time
- Powerful LEDs and unique optic design let users see in darkness or low-light conditions

HDC32E

- Full functionality and control; applies smart dimming technology to the Spot, Flood and Combined modes
- Powerful LEDs produce 200 lumens of light in a beam distance of up to 70 meters
- Red LEDs allow discreet night vision that won't disturb those around you

HDD32E

- Energizer's most innovative headlight w/unbeatable performance, patented digital focus technology & memory recall
- Digital focus gives users freedom to customize the light to the desired width by seamless switching between spot & flood
- Advanced memory recall enables users to quickly access their favorite focus setting next time they switch on
- Dual-button configuration offers a variety of light modes including red LEDs for night-time illumination

HDBIN32E

INDUSTRIAL (Silicone beading on strap for added grip)
